New to this year DCT is offering all Competitive Students to take recreational class for \$10 a month per class. In October DCT will inform all Competitive members which classes are available for this offer.

Classes that have a lowered tuition above are overlapping classes. Shining and Super Nova Hip Hop students must stretch on their own. Coach Kayla has a warm up and stretching routine for those classes. During the School year Sparkles classes are 50 minutes instead of an hour.

Competitive Students make a year-round commitment with 2 dance shows a year and two competitions. Also they get to do more non-formal community performances as well.

DCT prorates for absences in the Summer for competitive members. During the school year students must make-up their absences in a Recreation class.

Competitive Students also get multiple weeks off in August, a week in November, multiple weeks off in December, a week for Spring break and multiple weeks off in June.
